Pure Water Solutions for a Living PlanetSM

Key GET/GWE Personnel

Martin Lizer, Chairman
B.S., Engineering
Master, Business Administration

Martin Lizer has over 35 years experience in water treatment and purification, working up from field technician to sales engineer, then branch manager, later serving as Director of Marketing, General Manager, Vice-President, and President of various industry-related businesses. Mr. Lizer is well traveled and multi-lingual. This extensive hands-on experience at all levels has developed expertise, understanding of customer needs, ability to meet unusual challenges and to deliver extraordinary service that cannot be found elsewhere. His love of people and respect for other cultures has won him friends all over the globe. In living by the principle of treating others as you would like to be treated, Mr. Lizer has built up a reputation for integrity, interest in the welfare of others, and commitment to customer satisfaction that builds customer loyalty.

Brittain King
Project Manager, PBCES Projects
B.S., Engineering, Nuclear Engineer

Brittain King has extensive experience in nuclear, mechanical, and chemical engineering. He has considerable hands-on experience in operating, maintaining, re-fueling and expanding nuclear plants. Mr. King has much experience in managing the design and construction of nuclear, chemical and other plants in various parts of the earth. His wealth of experience and insistence on quality well qualify him to be project manager for GET PBCES installations anywhere he is needed in the world.

Yousef Amercani
Project Manager, Construction Projects
B.S., Architectural Engineering

Yousef Amercani, a graduate of architectural engineering in Egypt and in the USA, has extensive experience in design, construction and project execution including substantial projects in the Middle East, Africa, and USA. Completed projects include government projects, utilities, apartment complexes, and housing subdivisions including all infrastructure, roads, utilities, etc. Mr. Amercani's experience exceeds 35 years.

Bernard M. Makueyi
Director, African Operations
Msc, Engineering

Mr. Bernard M. Makueyi has master degree in Industrial engineering from polytechnic school of Montreal, Quebec, Canada. He has over 25 years' experience in quality assurance and software testing, working up from field engineer to manager. He has considerable hands on experience in design, planning, execution, control and project management. After many years working for IBM-USA, Nortel Networking –USA and Stolt Nielsen–USA-Netherlands, Mr. Makueyi served as Director of African operations of various industry –related businesses. He is well traveled and multi-lingual. His integrity and work ethic make him a genuine asset for GET in all its projects in Africa and elsewhere.
